

Play dough!

Transition Activity

Can you make some things for Mouse with your play dough?

First have fun playing with it...

How are you helping?

Playing with play dough helps your child...

- use their hands and strengthen their muscles
- be creative and develop their own ideas
- develop their language, if you talk to them about what they are making

Play Dough Recipe

You will need...

½ tablespoon oil

½ cup salt

¼ cup water

1 cup plain flour

(Food colouring, if you want coloured play dough)

You can double these quantities if you would like more play dough!

How to make the play dough

- 1 Mix the salt and the flour.
- 2 Put the water into another bowl. You can add food colouring now.
- 3 Add the oil to the water.
- 4 Spoon the dry mixture into the liquid mixture and give it a stir.
- 5 Give it a good knead until it feels like dough.
- 6 Now have fun playing with it!

If you store the play dough in an airtight bag or container it will last for several weeks!
