

Hi my name is Morris  
and I am the Reception  
class mouse.

Welcome to Reception. This is a little gift from us to help you get ready for starting school. Inside this bag you will find one of my brothers or sisters- a little mouse all of your own. Please give them a name, play with them and love them lots. When you come to school in September they can come with you to see Miss Whiting and Miss Day and all the other grown-ups in school. We have put your initials on your mouse so we know they are yours but if you could make your mouse special in any way that would be great. Maybe a bow around their neck or tail?

I have added some fun activities to your pack to help you have fun in the holidays and get ready for coming to meet us all in September.

Once you are in school, your mouse will have its very own hiding place whilst you are busy in the classroom. We have lots of fun activities for you and your mouse to play with and we are so excited to see you!

Love from  
Morris

Have a wonderful summer.  
Have lots of fun. I can't wait  
to meet your mouse friend  
and learn their name. We  
can have lots of fun  
together.
