ASSESSMENT RESULTS SUMMARY 2023

YEAR 1

At the end of Years 1, 2 and 6, children are assessed. Their results are compared with children nationally to see how well they have done individually and as a group.

As a School we are committed to doing everything we can to enable our children to achieve at the highest levels possible.

These results are very important but it is equally important to recognise they are part of the overall picture of children's achievements.
